

## Meredith Block Project

Location: Calgary, AB

Client: Remington Development Corp.

Construction Manager: Remington Development

Architect: Gibbs Gage

Located in the community of Bridgeland, immediately north of the 4th Street flyover, Meredith Block is a seven-storey, mid-rise office building with four levels of underground parking. The main floor is slated for retail tenants, while the remaining six upper floors are for typical office space. The project is currently targeting LEED® Gold Certification. CGI worked in a design assist capacity and used the OBE 6100 Series curtain wall system for this project.
