

Charles R. Walgreen Jr. Drama Center And Arthur Miller Theatre

Location: Ann Arbor, MI

Client: University of Michigan School of Music, Department
of Theatre and Drama

Construction Manager: SKANSKA

Architect: KPMB Architects

The project consists of the 250-seat black box Arthur Miller Theatre, and the 'learning loft' that includes academic and administrative spaces. The theatre is wrapped in translucent glass envelope, which makes an elegant and bold statement during the day and evening when it is illuminated. The learning loft contains three flexible 150-seat performance/teaching studios, full scene shop, and production space on ground level. A glass hallway connects the studios and provides a window where theatre students can be seen practicing.
